**American Museum of Natural History:** The Natural History of our planet and its species are revealed in more than 40 exciting exhibition halls, which covers 4 floors. These range from life in the sea, to the cultures of the 7 continents to gems and minerals. Daily schedule can be obtained at any Information Desk. All special exhibitions are additional.

**Permanent Exhibits:**

- Biodiversity and Environmental Halls
- Birds, Reptiles and Amphibian Halls
- Earth and Planetary Sciences Halls
- Fossil Halls
- Grand Gallery
- Human Origins and Cultural Halls
- Mammal Halls
- Rose Center of Earth and Space
- Theodore Roosevelt Memorial

**New Improved Space Show – “Dark Universe”** Featuring exquisite renderings of enigmatic cosmic phenomena, seminal scientific instruments, and spectacular scenes in deep space, the new Hayden Planetarium Space Show Dark Universe celebrates the pivotal discoveries that have led us to greater knowledge of the structure and history of the universe and our place in it—and to new frontiers for exploration. In stunningly detailed scenes based on authentic scientific data—including a NASA probe’s breathtaking plunge into Jupiter’s atmosphere and novel visualizations of unobservable dark matter—Dark Universe explores this new age of cosmic discovery and reveals the mysteries that have been brought to light so far.

**Restaurants in Museum:**

- Museum Food Court: Daily, 11am - 4:45pm (lower level)
- Café on One: Daily, 11am - 4:45pm (1<sup>st</sup> floor)
- Café on 4: Daily, 11am - 4:45pm (4<sup>th</sup> floor)
- Starlight Café: Saturday and Sunday, 11am - 4:45pm (1<sup>st</sup> floor)

**Accessibility:** All public areas in the museum are accessible to wheelchairs; all video displays are captioned for the hearing impaired; infrared hearing aids are available in auditoriums.
