Longwood Gardens is one of the world’s great gardens. Longwood’s story is one of legacy, innovation, and stewardship.

The Gardens are a living expression of all that our founder, Pierre S. du Pont, found inspiring, meaningful, and beautiful. From the intricate fountain systems to the meticulous gardens to the architectural grandeur, awe-inspiring discoveries await at every turn.

Years before it was a public garden, the land on which Longwood Gardens stands was home to the native Lenni Lenape tribe and Quaker farmers. Since then, the land has undergone significant transformation to become the magnificent property that is enjoyed by more than a million guests each year.

In June, summer is in full swing in the Gardens with vibrant colors awash in the Rose Garden and Peony Gardens.

Open Air Theatre Fountain Shows run several times daily.

Featuring 750 jets in changing patterns, this showpiece comes alive with five-minute shows set to music.
