Gettysburg National Military Park Museum & Visitors Center

The Museum & Visitor Center provides exclusive resources and experiences to introduce you to the Battle of Gettysburg and prepare you for a tour of the battlefield. Set the framework for your visit and prepare for a tour of the battlefield with the **Film, Cyclorama & Museum Experience**.

Created by French artist Paul Philippoteaux in 1884, The Battle of Gettysburg Cyclorama depicts the fury of Pickett's Charge during the decisive third day of fighting. With its landscaped foreground and dramatic sound and lighting effects, the Battle of Gettysburg still creates the three-dimensional illusion of being in the midst of the battle. It is an immersive experience today's visitors call "moving," "riveting" and "breathtaking."
