Sightseeing Cruise on Skaneateles Lake

Skaneateles Lake or “Long Lake” is one of the highest Finger Lakes, sitting 863 ft. above sea level. The lake is 16 miles long and 1 mile wide. In the early 1800s, many settlers were attracted to the land surrounding Skaneateles Lake because they were able to use the lake outlet as a power source for water mills and other types of early industry. Enjoy this 50 minute sightseeing cruise as it takes you approximately 3 miles down the East side of the lake to return on the West side where you’ll see many stately homes, old and new, The Sherwood Inn, originally a stagecoach stop, and steep and wooded hill sides at the southern end.

Tasting at Thousand Islands Winery

Thousand Islands Winery® is the largest farm winery in Northern New York State and is located along the majestic St. Lawrence River on a historic forty acre farmstead established in 1836. The primary grape varieties being planted in the Thousand Islands Region include Frontenac, Frontenac Gris, Marquette, and La Crescent which were developed by the University of Minnesota. The development of these cold-hardy grapes is the very reason we now enjoy the benefits of the ever-expanding Northern New York wine region.
